B. Self-management clients

Self-management will be different for each participant. The spectrum of activities a participant undertakes will vary depending on the participant's needs, preferences and abilities:

- My Way Home Care charge is **10% Care management** of quarterly budget; this applies whether the client is fully agency or self-managed.
- My Way Home Care can also charge self-management overhead cap, where the client sourced directly a third-party contractor or worker, and is self-managed the fund. We charge **10% self managed overhead** of the actual cost of third party service.
